

## Upcoming CLE: Why You Should Attend

The next CLE will focus on family law, providing practical information to help participants avoid common missteps and achieve the best outcomes for their clients.

The day will begin with a seminar on transitioning your case from the trial to the appeal, followed by a talk on effective trial preparation.

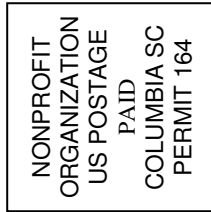

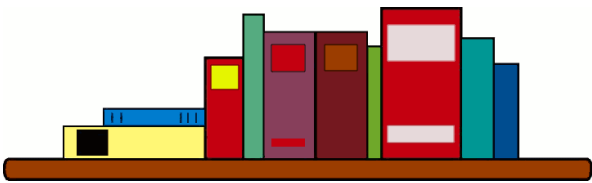

After a short break, we will delve into military retirement pay and benefits before breaking again for lunch.

The afternoon will kick off with a timely discussion on South Carolina's new "Responsible Father Registry." A representative from SC Dept of Social Services will be on hand to dissect and explain this new protection, examining in particular how it will affect practitioners of family law.

Next up, a session on the ethical dilemmas frequently encountered in family law, to be followed by the day's final class, a look at the tax consequences of divorce.

Benefit your clients, and benefit your practice with this valuable CLE opportunity.
